

Shallow Subsidy

A service of the SSVF Grant – Serving New England Veteran Families

What is Shallow Subsidy?

- Shallow Subsidy is a service provided to qualifying Veteran households for up to 2 years.

Shallow subsidy is intended for Veteran families that:

- are already enrolled in traditional SSVF (Supportive Services for Veteran Families),
- are already housed and are rent-burdened,
- are able to afford at least half of their monthly rent with a stable income,
- and those who are working towards bettering their financial situation (attending school, increasing or getting a service-connected disability claim, applying for subsidized housing, etc.).

Why work with Shallow Subsidy?

- We can pay 50% of your rent for up to 2 years.
- We offer light-touch case management support in your home.
